Impactful Glance

GRESART is the premium ceramic brand par excellence, with products conspicuous for their elegance and sophistication, based on cutting-edge technology and modern design. A brand with a forward looking philosophy and strong emphasis on innovation and design.

We build on our experience as manufacturers and keen interest in progress, redefining ourselves to keep up with the times.
With products more versatile than ever before thanks to our new formats, finishes and textures, we aspire to create exquisitely desirable products truly distinctive from all the rest

Desirable Influence

The ceramic era inspired the idea of the glossy collection, which combines visual complexity the quality of the "aged" ornamental and the linear severity of the geometric de-cows. Soft beige and gray tones, a panel with a multi-layered floral pattern design and water color stripes of decorative elements everything is created to create a calm yet brightly individual interior with interesting ac-cent parts.

The shades that comprise the Glossy series, thanks to their sobriety and naturalness, perfectly integrate with the contemporary style of home furnishing. The minute details that characterized the glossy collection are seen best in the three dimensional structures decor; in the Wall 3D, for example, built from small bush-hammered, honed and sand-blasted pieces, or in the Rub decor, which with its worked surface, tells the story of the material quality of sedimentary stone. The Wall Caddle interprets an assemblage of tradition, which combines perfectly with the rest of the collection.

DYNAMIC

Influence

This collection interprets a decor concept based on the structures and contrasts of light created on the many finishes of ceramic surfaces. The beauty of Surface derives from the proximity of polished or matt, shiny or mother of pearl spaces, mutually emphasised by the light reflecting on the Tiles. The decor exalts the trendy colours inside the geometric compositions
